E-Cell VNIT, short for the Entrepreneurship Cell of Visvesvaraya National Institute of Technology, is dedicated to nurturing a vibrant community of both seasoned and contemporary entrepreneurs, while also providing guidance and mentorship to emerging startups across India. Since its establishment in 2003, E-Cell has played a pivotal role in guiding and supporting over 5,000 startups and has left a lasting impact on more than 200,000 students and aspiring entrepreneurs. Through a variety of programs and initiatives, the E-Cell organization has been instrumental in cultivating entrepreneurial skills and offering opportunities to individuals with innovative ideas. Additionally, it has instilled a sense of social responsibility in students by empowering and supporting social startups that aim to make a positive impact on the nation.

START UP CONCLAVE

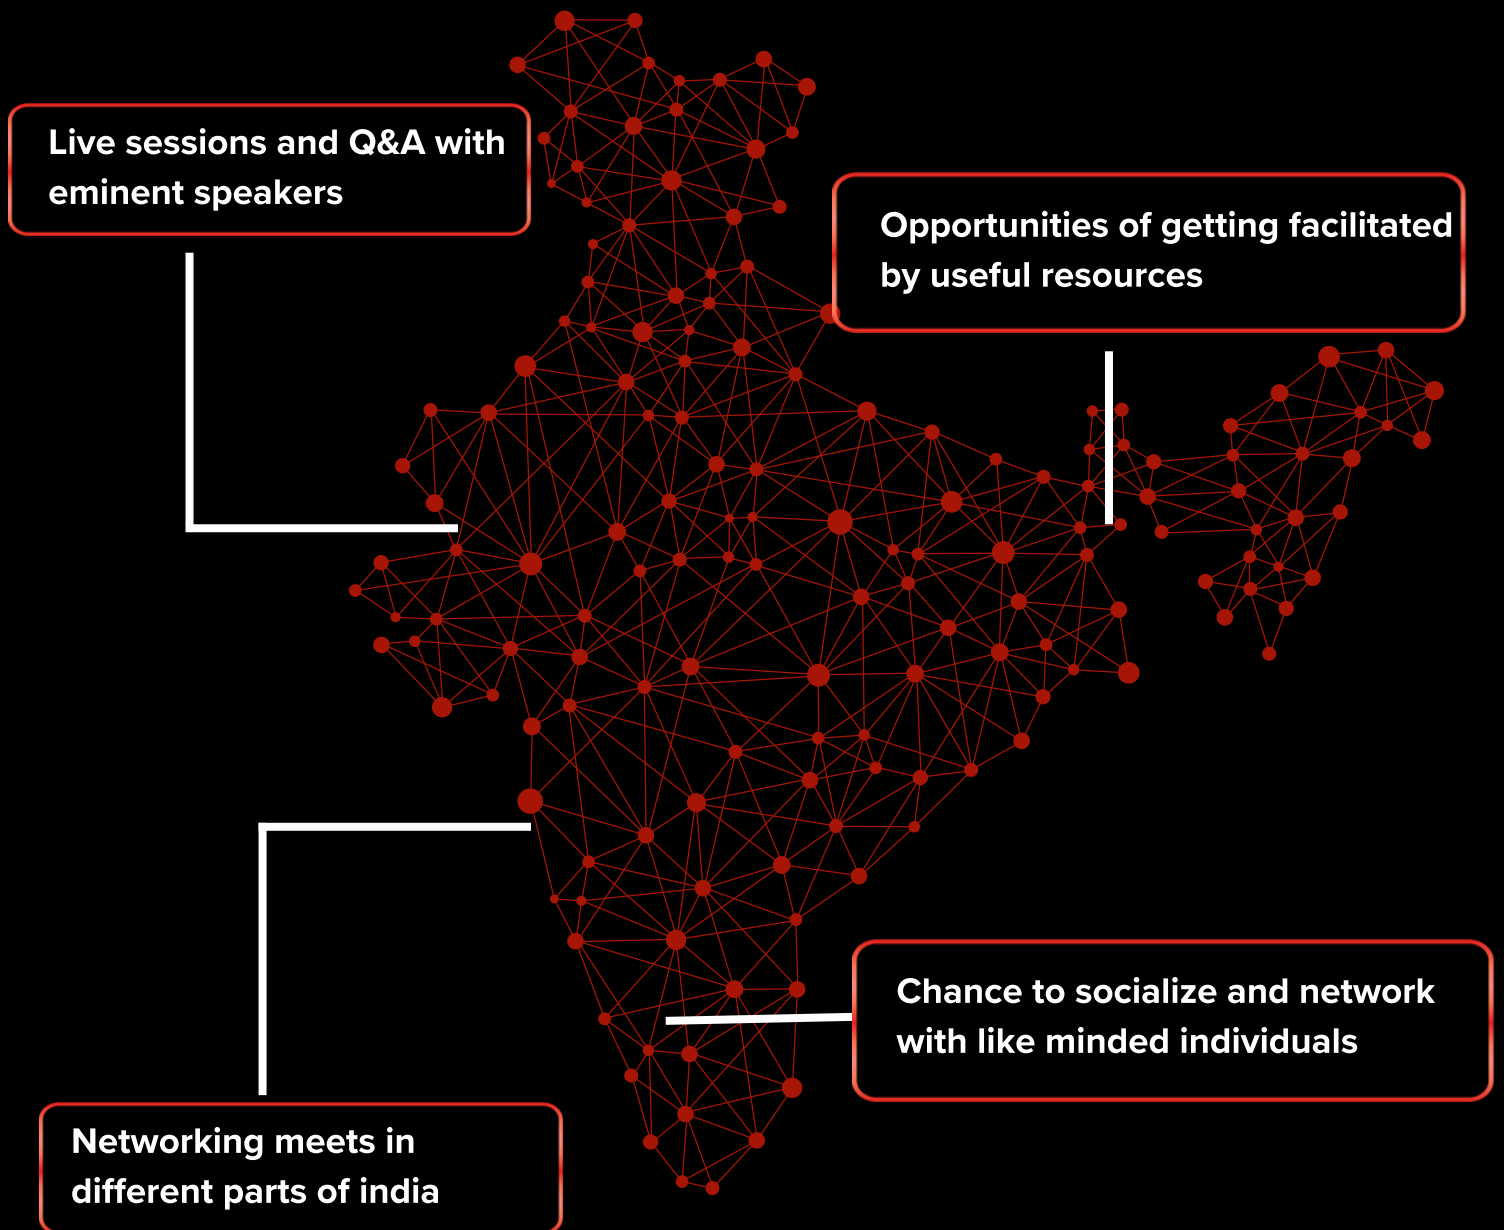

Startup Conclave 2023, a national-level business plan competition is an amalgamation of innovation, growth, and networking. We provide a platform for aspiring entrepreneurs to pitch their innovations giving them the guidance and expertise for the advancement of their idea. Our goal is to promote entrepreneurship and turn ideas into reality. We also aim for participants to strengthen their quality connections, gain knowledge about entrepreneurship, improve their growing startup and focus on growth utilizing collaborative & supportive relationships that can be made through networking. This time PAN-India Networking meets are arranged in various cities across the country for the participants giving them more exposure and opportunities.

STRUCTURE OF EVENT

PAN - INDIA

NETWORKING MEET

EXPERT TALK SESSION

A series of expert talk sessions featuring renowned personalities who have achieved excellence in their respective fields. In each session, these experts will share their insights, experiences, and wisdom, offering valuable lessons for aspiring individuals and enthusiasts.

EXECUTIVE SUMMARY ROUND

Participants are required to furnish a comprehensive description of their startup idea. This involves providing a detailed overview of their business concept. Subsequently, participants are also expected to respond to fundamental questions related to their startup idea.

PAN INDIA NETWORKING MEET

PAN-India Networking Meets are arranged in various cities across the country for participants giving them more exposure and inculcating collaborative and supportive relationships that can be made through networking.

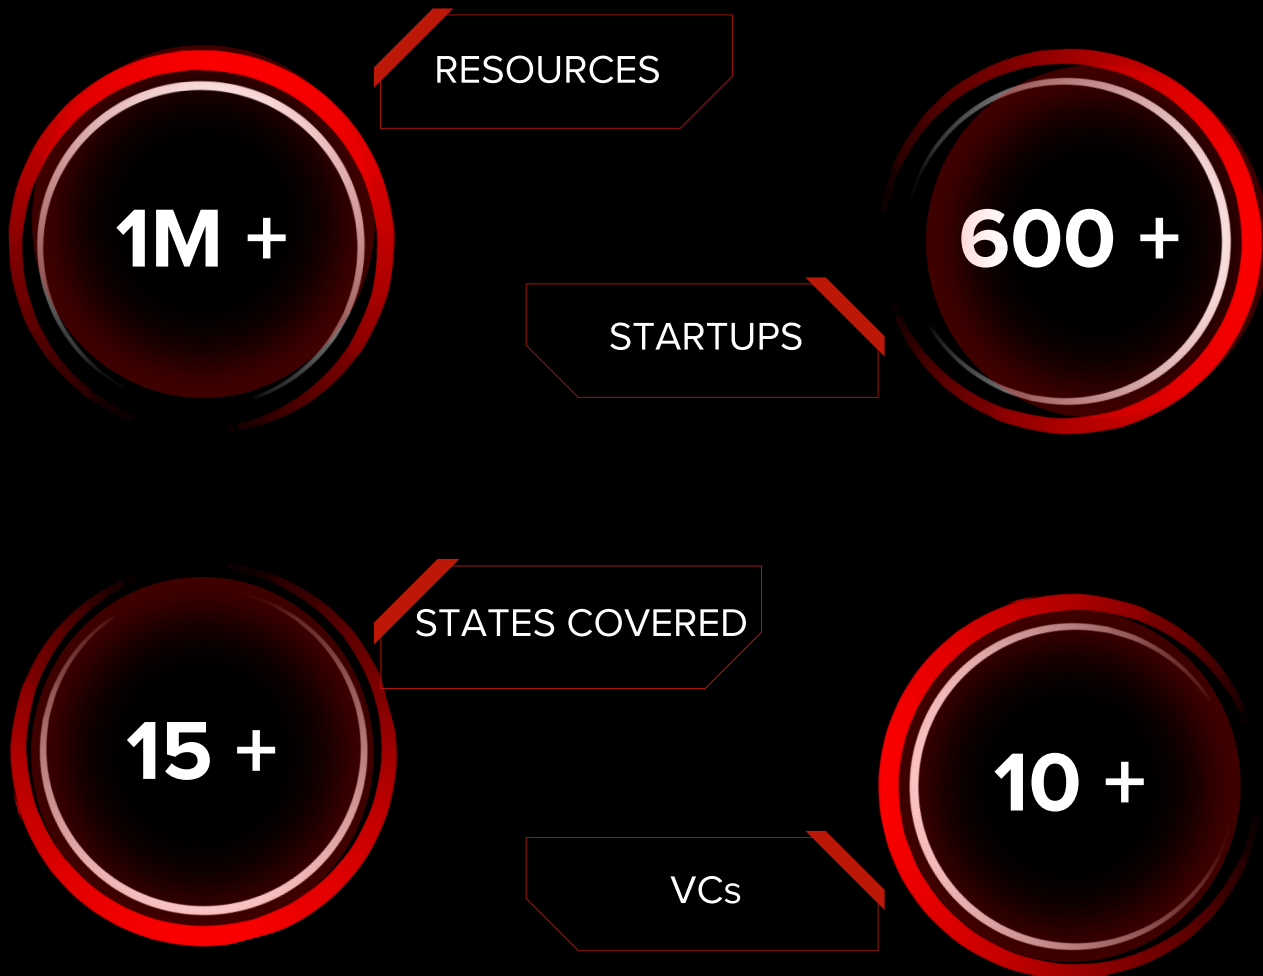

MENTORSHIP ROUND

Shortlisted teams will be receiving mentoring sessions from renowned and experienced entrepreneurs. Each team has to submit its pitch deck and Elevator pitch. Mentors will guide the teams in their further endeavors.

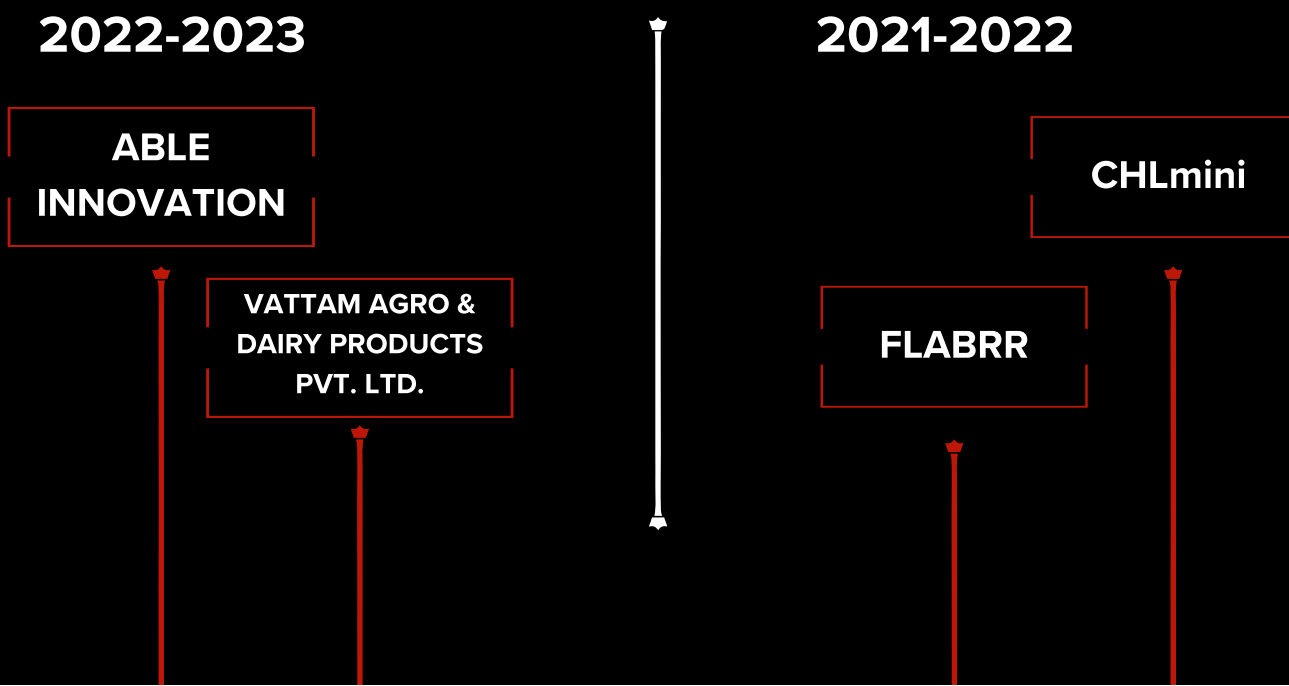

SHARK TANK ROUND

Leading teams will present their startup at Consortium (Annual E-summit) at VNIT. The essential traits of an entrepreneur will be put to the test in front of the investors to negotiate. This round will test the presentation, speaking, evaluation, and negotiation skills of the startups.
